WHAT IS CIGRE?

Conseil International des Grands Réseaux Électriques (International Council On Large Electric Systems)

- ❑ Founded in Paris in 1921 as a **worldwide non-profit** association.
- ❑ CIGRE addresses **issues** related to the development, operation and management of electric power systems as well as design, construction, maintenance and disposal of equipment and plants.

MISSION

- ❑ CIGRE aims to promote and organize collaboration with experts from all around the world, by sharing knowledge and joining forces to improve the electric power systems of today and tomorrow.

7729 individual members from 90 countries in 2013
